Complex Systems Dynamics

Network Dynamics

Wednesday 10th March 2010
12.15 pm – 5.20 pm
Talks will take place in room G209, Alan Turing Building, The University of Manchester

12:15 – Buffet Lunch, Atrium Bridge (first floor)
13:05 – Welcome by Paul Glendinning (Manchester)
13:10 – 13:55 Stephen Coombes (Nottingham)
  Dynamics of Morris-Lecar networks
14:00 – 14:25 Rasmus Petersen (Manchester)
  What the rat’s whiskers tell the rat’s brain
14:30 – 14:55 Tobias Galla (Manchester)
  Agent-based modelling of nest-site choice in honeybees
15:00 – Tea and Coffee (Atrium Bridge, first floor)
15:30 – 16:15 Natalia Janson (Loughborough)
  Stochastic networks and their control
16:20 – 16:45 Stephen Gin (Warwick)
  Synchronisation of non-autonomous oscillators
16:50 – 17:15 Paul Glendinning (Manchester)
  Pairing-off in dynamic networks
17:20 Wine and snacks on the Atrium Bridge

Information about registration can be obtained from Helen Harper (Helen.Harper@manchester.ac.uk) or at:
